

## TPS State Audit Statement – February 27, 2025

The Foundation for Tulsa Schools remains steadfast in our mission to build a better community through the support of Tulsa Public Schools. We are committed to the highest standards of accountability, transparency, and ethical stewardship of the resources entrusted to us.

Dr. Johnson and I have worked diligently to strengthen processes and controls between our organizations. This includes sharing information with the school board and the public regarding programs and initiatives supported by philanthropy that benefit students and teachers.

As we learn more, we will continue to focus on what matters most—supporting our students and educators. We encourage our community to remain engaged and committed to strengthening public education in our state.
